

lbry-sdk

- improve how sdk reports upnp gateway status --> <https://github.com/lbryio/lbry-sdk/issues/3584>
- with save_files disabled, restart during a stream and the file is saved --> <https://github.com/lbryio/lbry-sdk/issues/3583>
- Like video files, allow not saving other file types to downloads as well. --> <https://github.com/lbryio/lbry-sdk/issues/3582>
- fail when testing upnp port mappings for multiple devices --> <https://github.com/lbryio/lbry-sdk/issues/3580>
- limit_claims_per_channel filter works globally only when len(channel_ids) * limit_claims_per_channel < page_size --> <https://github.com/lbryio/lbry-sdk/issues/3579>
- Add ability to create timelocked transactions with SDK --> <https://github.com/lbryio/lbry-sdk/issues/3578>
- 3rd-party schema handling --> <https://github.com/lbryio/lbry-sdk/issues/3574>
- order_by="publish_time" is broken --> <https://github.com/lbryio/lbry-sdk/issues/3573>
